TESTIMONY 13

[05/21, 05:30] +234 806 831 ****: *Testimony of God's protection.* Immediately tonight's prayer sessions began, i moved from the bedroom to the sitting room, leaving my husband on the bed.

Some minutes into the prayers, my spirit led me into going inside the room n i took up my bag and purse on the floor which is close to the window side and placed it besides me as i continued with the prayers.

Then after the prayers, i decided to sleep in the living room since I'm was lying on a small mattress during the prayers.

At around past 3.am Nigerian time. From my sleep, i heard my husband shouting...

Thief Thief Thief.. Calling the neighbor's to aid. I ran to join him in d room to ascertain the situation, then i saw the thief back's view running away. He came through the window, using the above long stick to attract movable things from the room. Unfortunately God did not allow him. Hubby said he woke up to pray but while stilling lying down on the bed, he discovered that his trouser was been dragged near the window n while still wondering about the situation, he saw the head and hand of the thief drawing his trouser almost out of the window and shouted for help. The thief ran away with his trouser but left the stick he used behind.

The street night guards found Hubby's trouser along the street road but could not catch the thief.

I bless God his protection, nothing was stolen, no one was injured. May his continual safety abides with us. Amen. Praise the Lord.

TESTIMONY 21

[6/1, 1:13 PM] +27 76 103 ****: Greetings Apostle, I'm writing this with a heavy heart. My own daughters are against the transformation God did in my life. Since lockdown they visited my mom, then went to their father's place, the oldest came home to fetch some close on top of those she took before. Saying it's cold she needs warm clothes, she left. Before the beginning of lockdown they had attitude though, I ignored it. They both came home Saturday, not even notified me they are coming. Yesterday on Sunday, they said they are here for collecting their bed, and the older one said she is leaving for good once they get transport to fetch bed.

She said she will only come here to visit, she will be staying with his father. I asked her why, she said she doesn't agree with the law I've put in place here, like telling them to not listen to worldly music in my presence, wearing trousers is not for women, when it's time to pray, I call or command them to come and pray together, when it's Sundays when they don't want to go to church, I force them that we go together. She said she is old, she asked me if she can be 40 years and still live me, do I expect her to obey to my rules in my house. She is 25 years old and she is not working. I'm still shocked by her words, the second daughter she is 22, she told me I

have changed, and asked me did I change, they said I'm always in the tin house praying, I don't even have time for them like before, I told them I have to spend time with God too. I prayed about this situation and gave it to God, they complaining about the speakers as well, they said I'm making noise for them. They said am I really serious I just went and bought speakers. But then I told them I will go on doing the Will of God and I'm not gonna allow them to destruct me. I'm asking myself if this is the plan of the enemy and he is using my own daughters in this way,.

[6/1, 7:52 PM] Aanuoluwapo Alebiosu: Yes, it's the devil stirring up their hearts against you. But don't worry, they will come back to beg you to stay in the house with you

[6/5, 1:53 PM] +27 76 103 ***: Greetings Apostle, I just want to testify about the greatness of Almighty GOD. Yesterday on Thursday, we just left the house and my husband going to start praising and worshipping God in our tin house, the one we made an alter to pray as well. While we started the Work of God, the door opened, there came in my daughters and they started singing with us, and they seemed so happy and enjoying being in the Presence of God.

TESTIMONY 23

[06/12, 20:13] Forwarded: The prayers you send on the grp, helps a lot in making us mature in the things of the spirit. I wish ppl take these prayers seriously. I thank God for you. There are some prayer points that even goes beyond to the dream land. Recently after the prayer session, I was praying, a prayer point saying God, show me the root of the problems vvhich we face in our life, which makes things uneasy and un progressive.

Like in a vision, in 3 times I saw my mother inlaw, tying my husband'wrists with a white code. And in other instance she would look like is controlling her with a remote control.

.. So same night, I dreamt my mom inlaw calling out to him like she is in trouble, but I told him not to attend her. And she kept calling until, he went out to her. The moment he was there he got arrested. So I began asking her harshly that, is this why she was calling my husband to be arrested, she said to me every time I tie him, u were untying him, that's why I had to get, some other forces to arrest her. So in the dream, I I prayed, as I was going to the police station wen there, I told another officer on duty that my husband been arrested without a cause. So they released him and teared the dockets. But when she learnt that he was, out of police custody, she became so angry and shouted at me saying that, she hates me, because I disturb her plans.

I woke up and prayed a lot.

The following morning, my father inlaw, sent a message that, mama just want to know how is it going...
